An Open Letter From Nonprofits to the Financial Industry

Act by midnight tonight

- American Bankers Association and Bank Policy Institute, we ask that financial institutions prioritize nonprofits to ensure equitable access to SBA 7(a) loans for those that qualify as part of the CARES Act. We ask that they particularly pay attention to small nonprofits, nonprofits run by people of color, and nonprofits serving communities of color and tribal communities. We call on you to see the charitable community as a partner in finding solutions..
